

Externally funded national and international projects (since 01.01.2008)

Project Title	Project Number or Funding Period	Funding Org.
Push and Pull Concepts in Biocatalysis	Kplus Applied Biocatalysis S3.1 (2006-2009)	FFG
Biocatalytic Synthesis of Beta-Lactam Compounds	Kplus Applied Biocatalysis S4 (2006 - 2009)	FFG
Enzymology and Metabolic Engineering of Xylose Utilization in Yeast	P18275 (2005-2010)	FWF
Structure-Function Relationships for Glycosyltransferases	P18038 (2005-2010)	FWF
Mechanistic Studies of Cellulose Degradation	2008 - 2013	FFG
Synthesis of compatible solutes using sucrose phosphorylase	L-586 (2009-2014)	FWF
Design of novel enzyme functionalities	2009 - 2014	FFG
Glycozyme technology	2009 - 2014	FFG
Strohethanol (Neue Energien 2020)	2012 - 2014	FFG
Visualisation of enzymatic cellulose degradation in situ	P24156 (2012-2015)	FWF
LIGNOFOOD - ingredients for food and beverage industry from a lignocellulosic source	2013 - 2015	EU
EUROMBR - European network for innovative microbioreactor applications in bioprocess development	2013 - 2017	EU, Marie Curie Training Network
