

CV of Stefan Schild, Born in Germany

Education

- 2002 - 2005 PhD thesis (very good); "Role of the lipopolysaccharide of pathogenic *Vibrio cholerae* strains in virulence and differentiation to environmental isolates."
Department of Hygiene and Microbiology, University of Wuerzburg,
Germany, Supervisor: Prof. Dr. J. Reidl
- 1996 - 2002 Study in Biology (with distinction); University of Wuerzburg, Germany
diploma thesis: "Characterization of LPS core oligosaccharide biosynthesis
gene products of *Vibrio cholerae*." Research Center for Infectious Diseases,
University of Wuerzburg, Germany, Supervisor: Prof. Dr. J. Hacker

Professional experiences

- since 2011 Associate professor, Institute of Molecular Biosciences, University of Graz
- 2010 - 2011 Assistant professor, Institute of Molecular Biosciences, University of Graz
- 2008 - 2010 University Assistant, Institute of Molecular Biosciences, University of Graz
- 2005 - 2008 Howard Hughes Medical Institute (HHMI) research associate in the lab of Dr.
Andrew Camilli, Department of Molecular Biology & Microbiology, Tufts
University, Boston, MA

Awards

- 2011 Travel award from the Land Steiermark
- 2009 Publication award from the Heinrich-Joerg Stiftung
- 2006 PhD Travel award to the DGHM 2006 from the University of Wuerzburg
- 2002 - 2005 PhD fellowship from the "Studienstiftung des deutschen Volkes"
